

Think BIG Live BIG Confessional

Thank you, God

For seeing me through another year

For your goodness

For your provision

For your mercy

And for your grace

I will focus on what I do like

And not on what I don't like

I will focus on my blessings

And I will not take them for granted

I am in great expectation

For what the new year holds

I choose to let your thoughts become my own

And I thank you in advance

For the BIG LIFE, I will live

I THINK BIG

I LIVE BIG
